HANDS-ON CLASSES

ITALY TRAVELS

offers culinary programs in Tuscany:
cooking classes,

wine tastings, wine tours, gastronomic tours, special gastronomic itineraries, visits to cellars, farms and food markets.

Programs are available as single services or combined with accommodation

facilities and are tailor made according to our clients' requirements.

Lessons on Wine

Food & Wine Pairing

PAIRING WINE with food is more art than science.

Food and wine pairing is a highly subjective and inexact process. The old rules — primarily red wine with

red meat and white wine with fish and poultry — don't take into consideration the complexity of today's

multi-ethnic and subtly flavored foods and the corresponding wide range of wines from around the world

that are now conveniently available to almost everyone. The instructor will guide you through tastings of

white, red and dessert wines explaining the various characteristics of different varieties of grapes and their ideal combinations with dishes.

Visits to Farms

FROM FLORENCE

Your culinary program may include any of the following activities:

- Visit to a local olive press to watch the whole process of oil being made and followed by tasting of different types of extra virgin oil. (olives harvest months : end of October, November, mid December).

- Seeing a family-run dry pasta factory in Lari and the old-fashioned production of a world-known brand.

- A day of truffle hunt with a local digger in S. Miniato with lunch.
